

SOLUTION

by

DMMSI

By combining the 3 R's and the 4 C's:

1. **R**eading
2. **wR**iting
3. **aR**ithmetic
4. **C**ommunication
5. **C**ollaboration
6. **C**ritical Thinking
7. **C**reativity

DMMSI has created a complete **SOLUTION** to help teachers, parents, and organizations nationwide transition to remote learning. Our goal is to to close the achievement gap and undo the COVID slide.

What is the **COVID** Slide?

Students who returned to school during the Fall of 2021, are likely to retain only 70 percent of this year's gains in reading and less than 50 percent in math. These educational losses will likely be most pronounced with students in earlier grades. The compounded effects of school closures due to COVID-19 and the summer break could wreak havoc on students' retention of learning.

Teachers have been put in the difficult position of having to teach grade-level curriculum, while also making sure that students who are behind can catch up.

To fight the COVID slide parents and teachers should:

- Find ways for their student to practice in an engaging self-paced way that's gamified
- Find programs that encourage reading to keep minds active and engaged
- Find programs that create a learning plan that are tailor-made to their student's individual needs and learning style

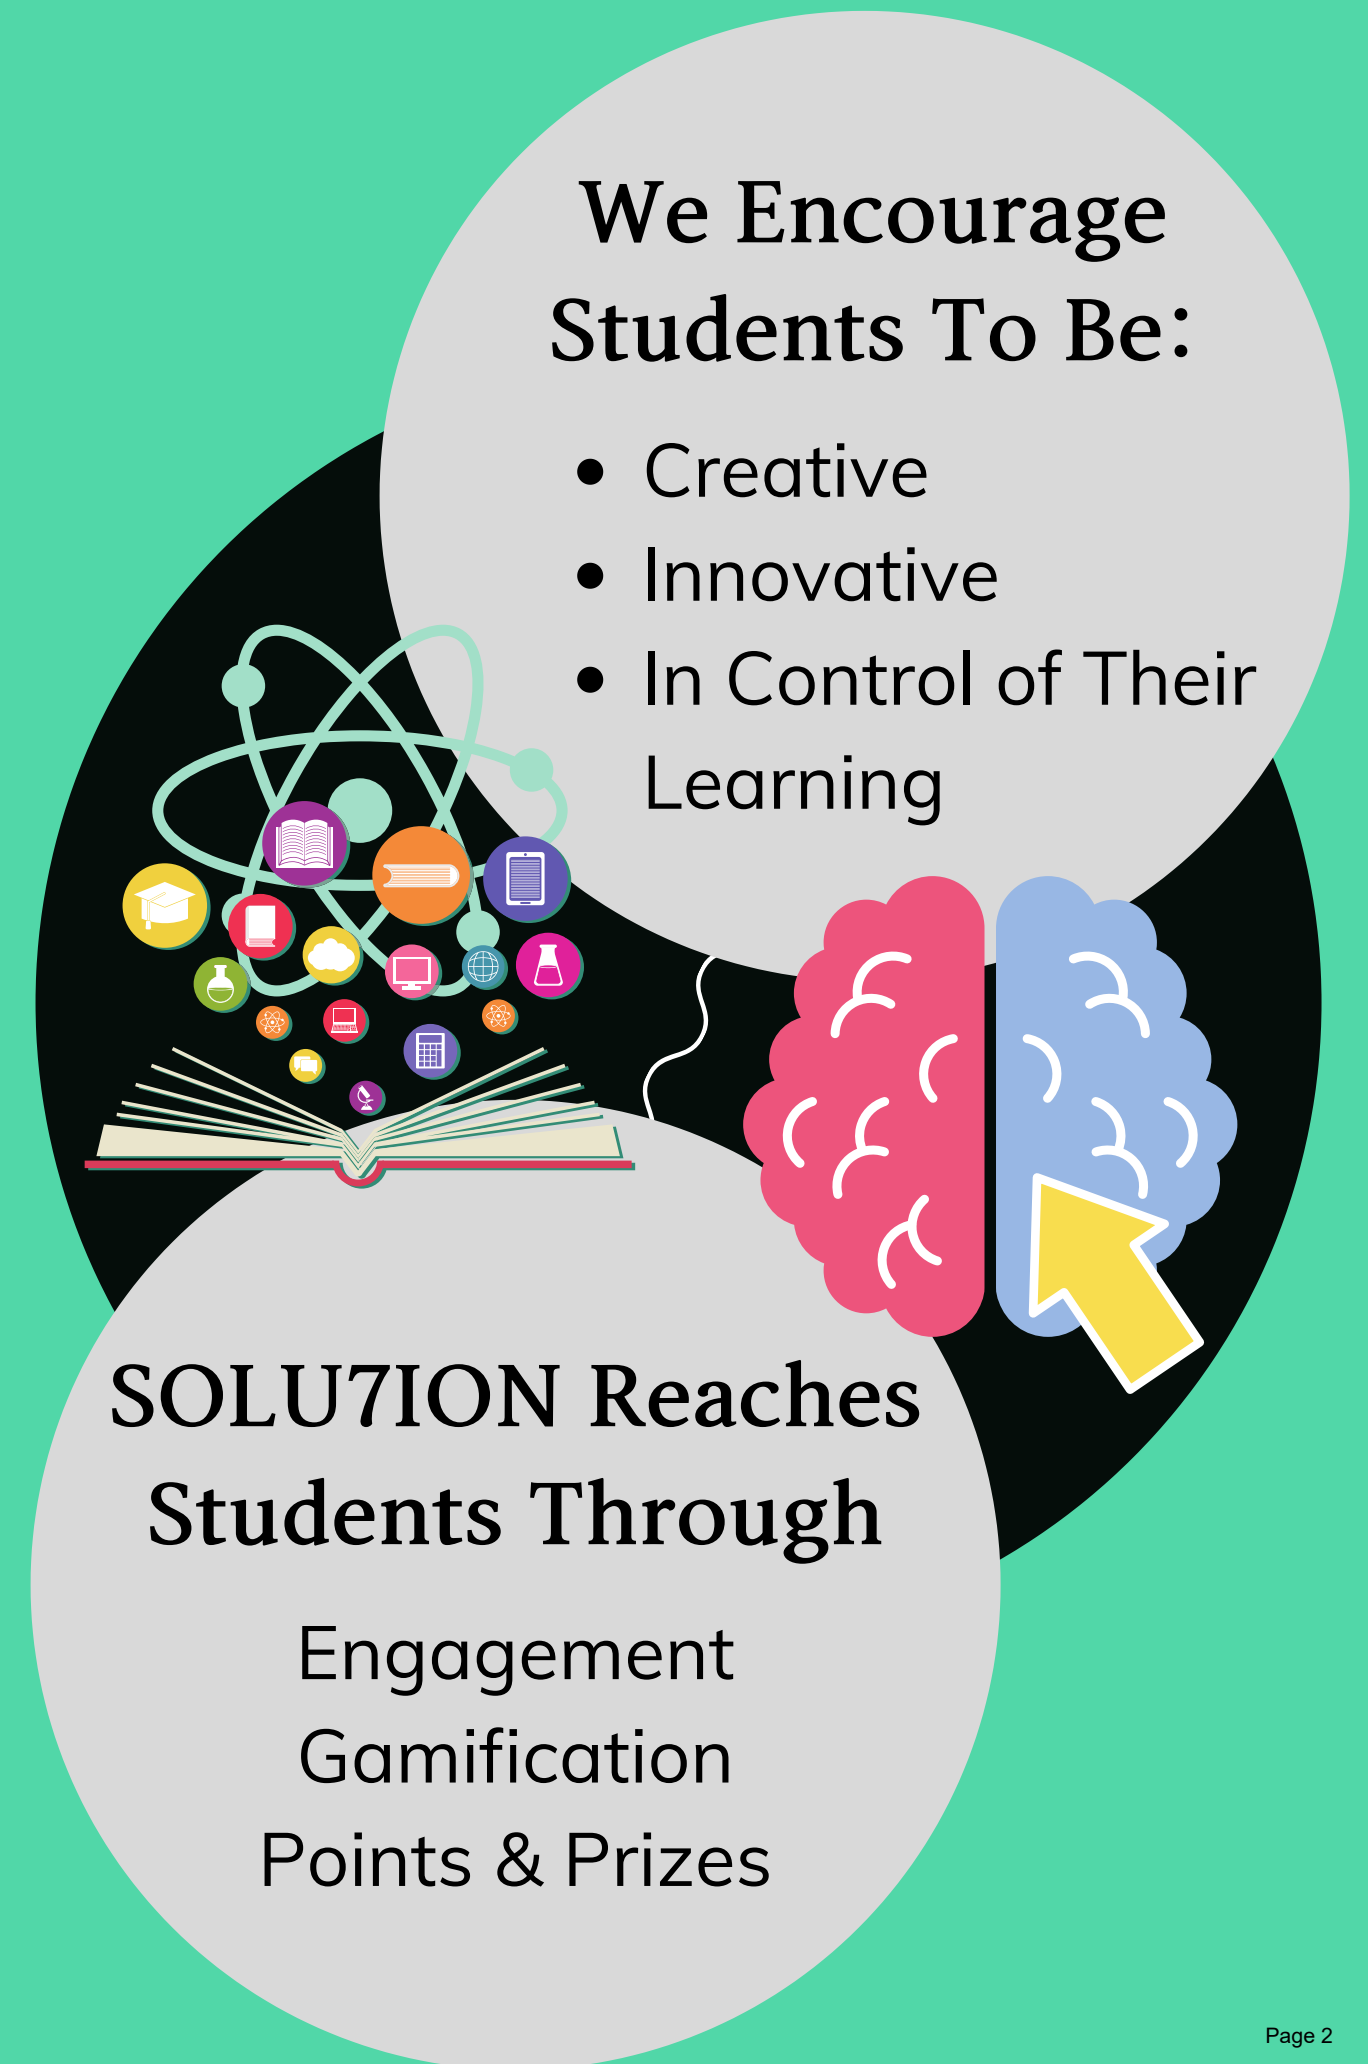

About SOLU7ION

SOLU7ION is built on a Software As A Service (SAAS) platform to meet the needs of students and the demands they potentially face when continuing with their education or career pursuits.

SOLU7ION serves as an add-on for schools or organization by:

- Providing a way to transition to a Digital Classroom
- Serving as an extension of any After School Program
- Providing a virtual arena for students to have extra practice outside of the classroom

SOLU7ION allows parents and students to take ownership of their learning and academic success.

Reading Portal

Our SAAS connects with a mobile and online Reading Portal that includes a growing core library of over 5,800 authentic texts, with a personalized recommended reading engine for each student based upon their individual Lexile® level, grade level, and reading interests.

In addition to giving students the ability to explain, interpret, and synthesize what they have read, we virtually work with students and offer personalized tutoring to help students improve their writing literacy through their book report submissions.

Out Of The Box Book Reports (*Creative & Innovative*)

- Movie Pitch
- Book/Movie Comparison
- New Character Introduction
- Interview With A Character
- Another Point Of View
- Alternate Ending
- Comic Strip

Step 1: Assessment

Allows the portal to recommend books based on students reading Lexile score.

Step 2: Start Reading

Students have their own copies of books and can use built-in literacy tools to interact with the text to guide them on their reading journey.

Step 3: Book Reports & Points/Prizes

After completing an out of the box book report of their choice, students submit them for review and writing mentoring. Students also earn points to redeem for prizes.

Practice Portal

The portal offers personalized and adaptive online practice. SOLUTION meets all students on their own level with an improved experience on mobile devices, making it easier to practice, either in-person or remotely.

We pinpoint knowledge gaps and determine where students should spend practice time. Each learning road map is tailored to help students improve and take ownership of their learning.

Virtual Mentoring

Providing access to engaging, innovative, incentivized learning is just the stepping stone in closing the achievement gap and undoing the COVID slide. SOLU7ION believes that mentoring is the piece that has been missing in education.

In addition to unlimited email support, SOLU7ION provides 1-on-1 zoom mentoring. Each month students receive four 30-minute zoom mentoring sessions.

Whether students have limiting beliefs in themselves, learning disabilities, or just need accountability, SOLU7ION works to ensure students that they are valuable and have the support / guidance they need to reach their academic goals.

\$650 – 1 Year Student License:

- 12 Months SOLU7ION Access:
 - Book Report Submissions
 - Point Redemption Store
 - Reading Portal
 - Practice Portal
- Unlimited Email Support
- Four 30-Minute Mentoring Sessions Per Month
